Write a story of 300 – 350 words. Give a title to your story. Make your piece of writing interesting, create an impact, grab the reader and make them feel what you intend.

In the text, you must use the following ten words in any order you like:

carrier pigeon / white wedding / reckoned / diverse / skinny / generate / bubble bath / bitter / acquiring / turning point

Do not change the words given. Underline the ten words in your story.

Write your story on the separate answer sheet.
